Dear Parents and Carers

I am delighted to inform you that your child has been chosen to take part in an outreach program run by students from Aylesbury High School.

Following a very successful partnership last year involving a literacy project, this year the group is aimed at challenging our more able pupils in mathematics and will involve working on a number of projects and exciting activities.

The sessions will take place every Monday afternoon, between 2.40 and 3.10pm and run until the end of the year.

We would like your support with this project as it is a great opportunity for your child to develop their understanding of mathematics and increase their chances of achieving greater depth by the end of Year 5.

Thank you

Miss Curl
