

Key vocabulary

Skeleton	skeletons keep us upright
Body parts	Hip, neck, shoulder, shin, leg, ankle, arm, elbow etc.
Muscles	Our muscles allow us to move
Bones	Bones make up our skeleton, such as: a skull, spine (back bone), hip bone (pelvis), leg bone etc.
Rules and routines	These ensure that we are all kept happy and safe
Self - Portrait	A picture that we do of ourselves
Unique	We are all different and one of a kind.

All About Us!

We will learn...

- Children will learn the school rules and routines and get to know each other.
- All children and people are different and our differences are what make us special.
- Our family is unique, children will talk about their family and people who are special to them.
- A self- portrait is a picture that we can do of ourselves.
- Our body is made of a skeleton which keep us upright and our muscles help us move our body.
- Our skeleton is made up of different bones such as: a skull, spine (back bone), hip bone (pelvis), leg bone etc.

Autumn 1 Reception
